COMMUNITY SERVICE PROJECTS

Thank you to the families that donated items last semester for the Southern Arizona Humane Society which included: dry/canned cat food, blankets, towels and a dog leash. We also had an on-going collection of pop tabs for the Ronald McDonald House and collected 14.1 pounds! We are still collecting pop tabs so please save these little gems for the C.A.R.E. program. Ms. Sue collected 160 personalized thank you cards from the morning and afternoon children that were sent off to the USS Texas. As Mrs. Hayes said to Ms Sue "thank you for teaching the children the importance of doing for others".

Important Dates

CARE Events

No early release

March 17 – Half Day dismissal @ 11:30 LUNCH

Spring Break

February 23-24
Open at Canyon View
6:30 – 6:00 Please pack a LUNCH

STEM FRIDAYS

Starting in February Mr. Alex will start doing S.T.E.M. projects with the children on Fridays. The children have made water slides out of recycled materials and experimented with different ingredients to make slime as pictured below. Some planned activities include different balloon rockets and making solar ovens that they will use as the weather continues to warm up. Please keep a look out for these fun projects.

Keeping Busy in The Intermediate Room

Ms Marlene does a wonderful job at keeping the intermediate room children busy with homework, computers, games and lots of fun, creative art.

ART SPOTLIGHT

Pictures from our Olympic Fall Festival that the intermediate children put on for all CARE kids.

Morning C.A.R.E.

Ms Sue and Ms Elaine keep the morning children busy with fun, hurry up and wait projects. The children are all hard workers and make some really awesome projects for such a small time that they have in the mornings.

Parent Volunteer

Brenda and Dena volunteered their time and supplies for all the children to make winter themed jewelry. They shared their love for jewelry making and the children truly enjoyed their special piece they created.
