SUMMER 2025

Student Safety

- Students must be enrolled while on campus, and are not permitted to leave on their own at any time.
- Only use the designated Summer Program doors to drop off or pick up your students.
- If you arrive late or need to pick up your student early for any reason, please call 209-7563 or 209-8454.
- If your student becomes ill while on campus, the health assistant will notify you to come pick up your student.
- Notify us immediately at (520) 209-7563 **if** your student becomes ill.
- Your student must be fever free for 24 hours before they can return to campus. Please follow the CFSD student Illness protocol; if you are sick, please stay home!
- For student safety, visitors are not permitted on campus.
- Attendance Line: (520) 209-7563.

Electronic Devices

- Community Schools is not responsible for lost, stolen or damaged devices or items. Please do not bring these to camp. The use of electronic devices during camp is prohibited.
- If your student needs to call home, staff will be happy to assist.

Sunrise and Sunset

- Grades: K - 8
- Fun activities including board and card games, quiet time and free play with friends.
- Early morning (7am and/or 8am) and late afternoon (4pm - 5:00pm and/or 5:30pm) hour.
- Register per week, no daily options.
- Sunrise/Sunset Line: (520) 209-7547.

Lunch

- Lunch hour is provided to those attending full day.
- Please provide a sack lunch, snacks and a water bottle.
- Lunches cannot be refrigerated, so please do not pack items that need to be refrigerated unless you include an ice pack.
- Please label your student's lunch and water bottle.
- If your student has any food allergies, please include these allergies on your information card at cs.cfsd16.org.

Drop off and Pick up Procedure

- Curbside drop-off and pick-up only, please follow the directional signs.
- Do not park and walk your student onto campus.
- Morning students should remain in vehicles until 8:45am (exception: dropping off for Camp Sunrise).
- Dismissal is at noon for morning students and 4:00pm for afternoon students.
- In order to keep traffic moving, please do not arrive earlier than 15 minutes before pickup.
- Please remain in your vehicle in the pick up line.
- Pick up promptly. Late pick ups will be assessed a \$3/minute late fee.
- You must be signed up for a full day to stay during the lunch hour.
- Afternoon students may not arrive before 12:45pm.
- For any other drop off or pick up times please call the attendance line (520) 209-7563.
- If you need to pick up early, please call before 11:30am or 3:30pm. We will not dismiss students individually between 11:30am and 12:00pm or 3:30pm to 4:00pm.
- Advance notice of appointments is appreciated.

 These classes contain food items and may not be suitable for those with food allergies.

 These classes are held primarily outdoors.

DESCRIPTIONS

3D Perler Beads

Are you up for a good challenge? Join us for an exciting exploration into the world of 3D Perler Bead crafting. Students can choose any design from simpler landscape cubes to challenging 3D model cars, all made out of perler beads! Additionally, students can channel their creativity into crafting a personalized poster, drawing inspiration from their own imaginative ideas or using provided patterns. Come dive into the world of 3D Perler beads and let your creativity soar!

Aerospace Fun-gineering

In this fun, hands-on class, students will discover how things fly through exciting activities and experiments. Using toys, simple materials, and creative challenges, they'll learn about the forces that make airplanes, rockets, and even frisbees soar through the air. From launching paper rockets to designing their own flying devices, participants will test their ideas, compete in friendly flight contests, and explore the wonders of flight through play and imagination. It's a dynamic, interactive experience that will spark curiosity and inspire future inventors!

All Out Athletics

Get ready to push your limits and take your athletic skills to the next level at All Out Athletics Camp! This high-energy, action-packed program is designed for students who love sports, fitness, and competition. Whether your student is a seasoned athlete or just starting out, they'll have the opportunity to develop their skills, build strength, and boost their confidence in a fun, supportive environment. But it's not all about competition—All Out Athletics Camp is about having fun, making friends, and pushing yourself to do your best. Each day is packed with games, skill-building exercises, and friendly scrimmages, giving students a well-rounded experience that emphasizes both physical and mental growth.

Arctic Adventure

Bundle up and get ready for an icy adventure in Arctic Adventure! In this exciting class, students will explore how animals survive in the freezing cold of the Arctic. Through interactive lessons, fun Kahoot quizzes, and creative crafts, campers will discover the amazing adaptations that help Arctic animals thrive in extreme conditions. With a blend of science, games, and creativity, students will gain an appreciation for the resilience of life in the harshest environments while having a blast learning and exploring!

Around the World Kids

Embark on a thrilling journey around the world with us to explore the fascinating cultures of different countries. Dive into discussions about delicious foods, popular cultures, and unique traditions from around the world. Create a passport book, design personalized luggage tags, and capture your experiences in travel journals. Get ready to unleash your creativity by making crafts inspired by the destination of the day. Join us for an unforgettable experience filled with fun activities and endless discoveries. It's time to broaden your horizons and embark on a memorable adventure. Bon Voyage!!

Art of our World

Experience a one-of-a-kind camp where art and science come together in an exciting fusion of creativity and learning! This summer we will explore traditional and modern artistic techniques such as Chinese ink painting, Navajo sand painting, and Japanese shiny mud ball making. Plus, dive into science with fun experiments like creating mica powder bottles and crafting Visual Sound Gumdrops sculptures. Designed to inspire creativity, celebrate diverse cultures, and engage in hands-on learning, this program is the perfect opportunity for students to unleash their imagination and explore the world of art and science. Don't miss out on this unique adventure!

Artist in You

Unleash your inner artist and boost your creative confidence through step-by-step guidance on exciting projects. Connect with fellow students through structured social activities, fostering camaraderie and artistic inspiration. By the end of the week, proudly take home a portfolio filled with your unique masterpieces, showcasing the skills and creativity you've developed during this enriching adventure. Embark on a memorable journey of artistic expression and personal growth!

Artistic Expression

Start your creative journey with us, explore various mediums and unleash your inner creativity! In this class, students will be encouraged to express themselves through graphic arts, plastic arts, and decorative arts. They will receive guidance while also having the freedom to experiment and develop their unique artistic style. Whether painting, sculpting, or designing, students will learn to create diverse forms of artistic expression and gain independence in their creative process. Experience a summer of exploration, self-expression, and endless artistic possibilities!

Backyard Bonanza

Backyard Bonanza is the ultimate week of outdoor fun, packed with classic games and thrilling challenges! Get ready to race, jump, and cheer as students take on relay races, tug-of-war, and sack races. We will test your skills with giant yard games like Jenga and Connect Four and dive into exciting competitions like kickball, capture the flag, and obstacle courses. With teamwork, creativity, and nonstop action, this backyard adventure is sure to be an unforgettable experience!

Backyard Growers

Come get your hands dirty as you learn the basics of gardening—planting, watering, and tend your very own garden! Discover which plants thrive in the desert and why, fostering a deeper appreciation for the natural beauty of Tucson. Along the way, students will also unleash their creativity by making unique, plant-inspired crafts like terracotta pot wind chimes and colorful painted garden art.

DESCRIPTIONS

Batter Up: Baseball and Wiffle Ball

Get ready for double the fun this week! Whether your child loves the fast-paced action of baseball or the fun, laid-back vibe of Wiffle Ball, this program has it all. Perfect for players of all skill levels, it's the ultimate opportunity to improve fundamental skills and enjoy two great sports in one exciting week. From perfecting their swing and improving their pitching accuracy to mastering the art of catching and throwing, students will gain valuable skills in both baseball and wiffle ball.

Bead Wars: Heroes vs. Villains

Welcome, fearless warriors and cunning villains, to Bead Wars—the ultimate showdown of creativity and strategy! In this thrilling class, you'll bring heroes and villains to life through intricate fuse bead designs. Will you create a legendary champion or a menacing mastermind? The battle of imagination is on—will you rise to victory or be outshined by your greatest rival? The choice is yours!

Beads and Bling

Unleash your creativity at Beads & Bling class, where young artists can design and craft their very own unique accessories! Students will explore a variety of styles, from nature-inspired designs to bold and modern creations, using beads, charms, twine, and more to make stunning jewelry pieces. Join us for a class where creativity, self-expression, and fun come together in every handcrafted piece! Let's get beading!

Breakfast Club Cafe

Wake up and get cooking at Breakfast Club, the ultimate cooking program where kids learn how to make the most important meal of the day—breakfast! Whether your child is an aspiring chef or just loves to eat, this class is packed with fun, hands-on activities that teach the art of creating delicious and nutritious breakfast dishes. Each day is filled with exciting cooking challenges, recipe creation, and tastings, and by the end of the week, students will have a recipe book full of their favorite breakfast creations to recreate at home!

Bugz Life

Get ready to crawl, buzz, and flutter into the fascinating world of bugs in A Bugz Life! This hands-on, nature-filled camp is perfect for kids who are curious about the tiny creatures that make our world so incredible. Whether your child is a budding entomologist or just loves to explore the outdoors, they'll have a blast learning about the important roles insects play in nature.

Card Clash Combo Showdown

Card Clash Comb is the ultimate summer camp for trading card game fans! Whether you love Pokémon, Lorcana, or other TCGs, this camp is your chance to learn new strategies, build powerful decks, and sharpen your skills in both casual and competitive play. Get ready to trade, battle, and outthink your opponents—may the best duelist win!

Chess and Card Games

Get ready for this exciting chess and card games program where you can boost your strategy skills and sharpen your mind! Led by our expert instructor, you'll learn valuable techniques for both chess and popular card games. Challenge yourself, have fun, and make new friends in a supportive and engaging environment. No prior experience is needed—just bring your enthusiasm and eagerness to learn. Don't miss this opportunity to enhance your critical thinking skills while enjoying chess and card games like never before!

Christmas in July

Get ready for a festive and fun-filled class where Christmas comes early! Create special crafts that you can proudly display or give as heartfelt gifts. From handmade ornaments to personalized decorations, this class will spark creativity and holiday cheer. Unleash your imagination and enjoy a jolly good time as you craft one-of-a-kind items to spread joy and warmth. Join us for a merry and magical class that will have everyone feeling the spirit of Christmas all year round!

Coach Campa's Basketball Challenge

Get ready to level up your game in our Summer Basketball class! This fun and fast-paced program is designed for students who want to improve their basketball skills while having a blast. From mastering dribbling and shooting to perfecting passing and defense, learn it all through exciting drills and friendly competition. Whether you're new to the game or looking to take your skills to the next level, this program is the perfect place to get better, build confidence, and make lasting memories with friends!

Coach Campa's Fun and Fit PE

Get ready for a fun and engaging PE experience that will keep you active and healthy. In this class, students will participate in a variety of activities and games that focus on building strength, coordination, and endurance. Whether you love sports, dancing, or team challenges, there's something for everyone in this class. Coach Campa is dedicated to helping kids stay fit while having a blast, so get ready to jump, run, and play your way to a healthier lifestyle. Join us for a fun-filled class that will leave you feeling energized and excited for more!

Coach Campa's Sports Spectacular

Get ready for an action-packed week! Each day we'll dive into a different sport, where you'll focus on improving skills, mastering drills, and playing traditional games. From soccer and basketball to football, volleyball, and more, you will have the chance to try it all while building confidence and having fun. Whether you're a beginner or a seasoned player, our class is designed to challenge you, help you grow, and keep you active all week long! Join us for a high-energy experience you won't forget!

DESCRIPTIONS

Construction Junction

Get ready to build, create, and problem-solve with daily construction challenges that spark creativity and imagination! Use household materials provided to build whatever you can dream up. Express your creativity, put your problem-solving skills to the test, and experience the satisfaction of bringing your ideas to life. Come explore the exciting world of construction in a fun, hands-on way!

Cooking Club

Who is ready for an exciting cooking adventure where you'll learn to follow recipes, measure ingredients, chop, mix, and create delicious dishes? Our club goes beyond cooking—incorporating fun crafts related to the region or cuisine we're exploring. Kitchen safety and mastering different tools are key elements of our program. Whether you're a beginner or have some cooking experience, this program is a great opportunity to enhance your culinary skills and have a blast in the kitchen. Prepare for a summer full of tasty treats and creative creations!

Cooking with Science

Get ready to mix, measure, and munch your way through the fascinating world of food science! In this hands-on class, we'll explore what makes popcorn pop, how yeast makes bread rise, and why ice cream freezes when we shake it. From creating butter in a jar to whipping up tasty treats with cool chemical reactions, you'll discover the science behind your favorite snacks. Join us for a delicious adventure where curiosity meets the kitchen!

Cozy Stitch Creations

Join us to crochet, where creativity takes center stage! Get ready to dive into the art of crocheting as you learn the fundamentals, enjoy completing projects, and embark on a journey to master this timeless craft. Whether you're creating cozy home décor or trendy wearables, the possibilities are endless. Join us in crafting not just items, but also friendships and skills that will last a lifetime. Get ready to stitch your way to endless possibilities and discover the magic of crocheting!

Crafty Critters

If you love all things that crawl, slither, and creep, this class is for you! Explore the fascinating world of critters through hands-on activities and creative crafts. From butterflies to snakes, you'll discover amazing creatures and their habitats while crafting critter-inspired creations. Join us for a wild adventure of learning, crafting, and fun!

Creative Comics

Hello, super students! If you love art, writing, comics, or manga, this is the class for you! In Creative Comics, you'll learn everything it takes to create your very own comic book—from developing characters and crafting stories to drawing panels and designing layouts. Whether you're into superheroes, fantasy, or graphic novels, this class is perfect for young creators ready to bring their stories to life! Hope to see you there—up, up, and away!

Creative Kitty Studio

This camp is a perfect opportunity for students to unleash their creativity through various art activities inspired by Hello Kitty and her adorable friends. From drawing to painting and crafting, each day will be filled with fun and cute projects that will spark the imagination of every camper. Join us for a week of artistic exploration and create lasting memories with Hello Kitty and her friends!

Creative STEAM Lab

Hey there, brilliant minds! Ready to unleash your creativity and dive into some hands-on science fun? Each day will bring a new science adventure through exciting physics, art and chemistry projects! This class is packed with fun, mind-blowing experiments that are perfect for curious young minds who love to explore, create, and think outside the box!

Creative Writers Workshop

Hello, writers! If you're ready to sharpen your writing skills and bring your ideas to life, this class is for you! Whether you're into action, romance, horror, fantasy, or anything in between, you'll learn how to craft stories that captivate readers. Join us and let your imagination take center stage—your story begins here!

CS Bistro

Welcome to the Bistro! In this specialty culinary arts class students will embark on a delicious journey into the world of fine dining. From mastering basic cooking techniques to creating their own unique dishes, young chefs will refine their skills in the kitchen. The class culminates with students planning and operating their own restaurant for parents to enjoy, showcasing their culinary creations and hospitality. A fun field trip to a local restaurant will provide firsthand insights into the restaurant industry, allowing students to learn from professionals and experience different culinary styles. The Bistro will be opening soon—get ready for a tasty adventure!

Cut, Create and Chronicle Studio

Join our exciting class where students unleash their creativity through the art of paper crafting! In this hands-on course, young artists will explore the endless possibilities of paper—designing personalized journals, crafting greeting cards for any occasion, and experimenting with mixed media techniques like stamping, coloring, and layering. With guided instruction and plenty of creative freedom, students will discover the joy of self-expression through paper art.

DESCRIPTIONS

Dia do le Muertos Theatre Production (2 weeks)

In this two-week theater production, students will bring to life the heartwarming story of Miguel, a young boy with a passion for music, who embarks on a magical journey to the Land of the Dead. Along the way, he uncovers his family's hidden past, learns the true meaning of love and remembrance, and discovers the power of following his dreams. With colorful characters, lively music, and captivating storytelling, this production honors the spirit of Día de los Muertos in a visually stunning and heartwarming performance. Get ready for an unforgettable adventure filled with laughter, wonder, and the magic of music. Join us as we celebrate family, heritage, and the songs that keep our loved ones close—no matter the distance.

Do Androids Dream of Electric Sheep?

Younger learners, come explore block-based coding and exciting challenges through engaging activities, and more advanced students can explore Python or Java programming languages. Using platforms like Code.org, Scratch, and Minecraft Hour of Code, students will learn the fundamentals of coding by creating games, solving puzzles, and tackling creative challenges. Whether a beginner or someone with coding experience, this program is the perfect opportunity to ignite a passion for technology in a fun and supportive environment. Expand coding skills and make new friends along the way!

Dungeons and Dragons

Welcome adventurers! Your journey begins here! In this class, you'll step into the fantastical world of Dungeons & Dragons, where imagination, strategy, and teamwork bring epic stories to life. Gather your party, roll the dice, and adventure forth into greatness!

Engineering, Architecture and Machines

Get ready to design, build, and test incredible structures and machines in this hands-on engineering class! Students will tackle exciting challenges such as constructing projectile machines, bridges, boats, and towers, using creativity and problem-solving to bring their ideas to life. Get ready to engineer, experiment, and have fun!

Epic Field Trips: Beyond the Classroom

Our epic middle school field trip program offers students exciting, hands-on opportunities to explore the world beyond the classroom! Each excursion is designed to promote teamwork, critical thinking, and problem-solving through fun and educational activities. Students will have the chance to ask questions, interact with experts, and experience new environments, all while creating lasting memories with their classmates. We'll be visiting some exciting locations around town, including including The Ronald Macdonald House, KOLD, Biosphere 2 and Ben's Bells.

Fur-tastic Fun

Join us for a week of fun and compassion in our pet-themed class! Kids are encouraged to bring a picture of their beloved pet to create pet food picture frames, pet coasters, and portrait art. In addition to getting creative with crafts, we will also be hosting an animal drive throughout the week to show kids the importance of helping animals in need. Together, we can teach the kids how every little bit of contribution can make a big difference in the lives of our furry friends. Don't miss this opportunity to unleash creativity and kindness in your child while having a blast with fellow animal lovers!

Future Journalists Workshop

Have a story to tell? Dive into the world of journalism at our Introduction to Journalism Workshop, where students will learn the fundamentals of reporting, writing, and storytelling. Whether your child dreams of becoming a news anchor, investigative reporter, or just wants to understand how the world's stories are shared, this class is the perfect starting point. From breaking news to feature stories, discover how journalists uncover the truth and tell stories that impact communities.

Game On! PE Adventures

Get ready for a high-energy week of movement, teamwork, and nonstop fun! Designed for kids who love to play and compete, this action-packed camp features exciting PE games that boost fitness, coordination, and sportsmanship. Students will sharpen their skills in throwing, catching, and kicking while diving into classic favorites like kickball, capture the flag, and epic obstacle course games. With thrilling challenges and active play every day, this adventure is one they won't forget!

Games Galore

Get ready for a summer of endless fun at Games Galore! Stay active and engaged with a variety of fast-paced, high-energy games for all skill levels. Students will jump into a dynamic mix of activities that promote teamwork, strategy, and friendly competition. From classic favorites to creative new twists, every day is a fresh adventure filled with excitement!

Gator Ball Showdown

Prepare for an action-packed week of excitement, competition, and teamwork! Students will hone their throwing and catching skills with fast-paced gator ball games and take on thrilling dodgeball variations like medic, trench, and battleship plus, they'll jump into the fan-favorite gaga ball, where agility, strategy, and sportsmanship shine. It's a week full of energy, skill-building, and nonstop fun!

DESCRIPTIONS

Global Chef Academy

In this fun and interactive class, students will set forth on a culinary adventure exploring international cuisines! From learning the art of bread making to mastering the secrets of Matza ball soup and indulging in the refreshing taste of Brazilian lemonade, children will expand their taste buds and culinary skills. Through hands-on activities and guided instructions, young chefs will have the opportunity to experiment with different flavors and ingredients, fostering creativity and an appreciation for diverse foods from around the world. Join us for a delicious journey filled with new tastes, exciting recipes, and lots of fun!

Grand Slam Wiffle Ball Challenge

Get ready for the ultimate Grand Slam Wiffle Ball Challenge! Whether you're a first-timer or a seasoned player, this action-packed program is all about having fun, building confidence, and making new friends. Players of all skill levels will get the chance to sharpen their hitting, pitching, and fielding abilities in exciting, fast-paced games. With a mix of friendly competition, epic plays, and team spirit, this is the perfect way to discover the joy of Wiffle Ball while growing as an athlete. Get ready to step up to the plate and hit a home run in this unforgettable experience!

Grossology

Welcome to Grossology, where science is anything but boring! If your student loves the strange, the yucky, and the downright gross side of the natural world, this is the class is for them! Packed with hands-on experiments and mind-blowing facts, we will dive into the messy, fascinating science behind all things gross! With a mix of science, fun, and lots of hands-on activities, Grossology will have students laughing, learning, and loving every gross minute!

H2O Fun

Beat the summer heat with exciting water games and splash-filled fun! Students will enjoy thrilling activities like sponge tag, fill-the-bucket challenges, water balloon sports, and more. These action-packed games promote teamwork and active play while keeping everyone cool and refreshed. Join us for a summer of laughter, learning, and unforgettable memories!

H2O Backyard Extravaganza

Get ready for a week of non-stop fun with H2O & Backyard Extravaganza! Students will dive into a mix of water-themed games, backyard adventures, and action-packed activities designed to keep them cool, active, and entertained. From splashy relay races to classic lawn games and creative outdoor challenges, this class is perfect for kids who love to move, get wet, and make unforgettable memories. Join us for the ultimate week of water fun and backyard excitement!

Hola Amigos

Hola Amigos is for anyone who loves to sing, color, and try new things! Students will delve into the world of Spanish language and culture by exploring alphabets, basic vocabulary, and phrases. From greetings to common phrases, your child will have a fun and interactive introduction to Spanish. Encouraging language exploration and practice, this class provides a solid foundation for future language learning. Engage your student's curiosity and broaden their horizons with our Language Camp - where learning Spanish is both educational and exciting!

Holidays Around the World

Immerse yourself in the joy of holidays from around the world at our "Holidays around the World" class! From the colorful festivities of Diwali to the magical spirit of Christmas, join us on a global journey of celebration and discovery. Learn about diverse traditions, partake in cultural activities, and create wonderful holiday keepsakes along the way. Whether it's crafting unique ornaments or sampling traditional treats, this class promises an unforgettable experience filled with fun, learning, and festive cheer. Come join us as we explore the rich tapestry of holiday customs and create lasting memories together!

Ice Age Discovery

Travel back millions of years and step into the chilly world of the Ice Age! This class takes kids on an exciting journey to explore the era when woolly mammoths roamed the Earth and saber-toothed tigers prowled vast frozen landscapes. Throughout the week, students will discover the incredible creatures that lived during this time, learn about the climate and environments that shaped their world, and dive into fun activities that bring history to life.

Imagineers-in-Training: Theme Park Creators

Embark on an exciting adventure with us! Students will unleash their creativity as they design and build their very own theme park from scratch. Whether working independently or collaborating in groups, participants will bring to life a world of thrilling rides, mouth-watering food options, and unique merchandise offerings. This immersive experience will challenge their imagination and problem-solving skills as they construct the ultimate theme park attraction. Don't miss this chance to showcase your vision and make your park a reality in our one-of-a-kind program!

In and Around the Ocean

Explore the fascinating world of oceans in this interactive class! Discover how waves shape the land, learn about animal adaptations, and create bioluminescent sea creatures. Hands-on activities include exploring the beach, observing marine life, and experimenting with sea shells. Become a marine biologist and dive into the wonders of the ocean with fun experiments and discoveries!

DESCRIPTIONS

Incredible Edible Science

Do you enjoy experimenting with science and trying your hand at cooking? In this class, you'll create delicious treats while exploring the science behind them! Make ice cream, butter, edible slime, gummy bears, and more as you discover the role of ingredients like salt in freezing ice cream and how gummy bears grow in different solutions. Unleash your creativity and curiosity in this hands-on, fun learning environment where science and cooking come together!

Insects and Butterflies

Welcome to the magical world of insects and butterflies! In this class, students will explore the fascinating features and behaviors of bugs. From butterflies to insects, we'll dive into their life cycles, habitats, and role in the ecosystem. Through hands-on activities, including observing live insects and creating bug-themed projects, students will become insect experts. Join us for an exciting adventure into the enchanting world of insects!

Inside Out Theatre: Dragons and Vikings (week 3)

A Legend Takes Flight! In this one-week theater production, students will journey to the mythical Isle of Berk, where Vikings and dragons collide in an epic tale of bravery, friendship, and self-discovery. Follow the adventures of a curious young Viking and a clever dragon as they challenge tradition and prove that teamwork can change the world. Students will work together to learn lines, create simple sets, and design fun costumes while exploring the magic of live performance. With daring flights, dragon-sized laughs, and unforgettable characters, this production will spark creativity and confidence. Join us for a week of imagination, adventure, and legendary fun—because sometimes, the biggest challenges lead to the greatest friendships!

Inside Out Theatre: A Fairytale Misadventure (week 4)

Get ready to step into a hilarious, topsy-turvy fairytale world in this one-week theater production! Students will bring to life the story of a grumpy green ogre, a chatterbox donkey, and a determined princess as they embark on a wild adventure through dragon-guarded towers, enchanted forests, and royal castles. With catchy songs, quirky characters, and plenty of laughs, this production turns classic fairy tales upside down. Students will learn acting, singing, and stagecraft while working together to put on a magical and unforgettable performance. Join us for a fun-filled week of humor, heart, and happily-ever-afters—with a twist!

Inside Out Theatre: Jack and the Giant Beanstalk (week 6)

Join us for a magical theatrical adventure as we bring the classic tale of Jack and the Beanstalk to life! In this fun, engaging production, young actors will step into a world of enchanted beans, towering giants, and daring escapades. From Jack's courageous climb up the beanstalk to his clever escape from the giant's castle, this play promises laughter, excitement, and unforgettable moments. Don't miss this reimagined version of a timeless story — a performance the whole family will enjoy!

Italian Kitchen Creations

Ciao, young chefs! Get ready for a culinary adventure as we travel to Italy without ever leaving the kitchen! This hands-on cooking class will immerse campers in the delicious world of Italian cuisine, where they'll learn how to make some of Italy's most iconic dishes from scratch.

Jewelry Making

In this hands-on class, students will design and craft unique pieces each day, exploring techniques to create beautiful accessories like earrings, necklaces, bracelets, rings, and hairpieces. With every project, they'll express their individuality and bring their creative visions to life through handcrafted jewelry they can wear or share.

Jewelry Upcycling Workshop

In this fun and creative combo workshop, students will explore their artistic side through jewelry-making and eco-friendly crafts! From colorful paper beads to funky bottle cap magnets, students will learn how to transform everyday materials into beautiful, one-of-a-kind works of art. Along the way, they'll develop fine motor skills, spark their imagination, and embrace an eco-friendly mindset. Each project offers a chance to create unique treasures to keep or share with family and friends.

Just Desserts

Calling all sweet toothed and future pastry chefs! Get ready for a sugary, fun-filled adventure! This class is all about indulging in the delicious world of desserts. From rich chocolate cakes to flaky pastries, students will learn the secrets to making some of the most mouthwatering treats ever. Not only will students have a blast mixing, baking, and tasting their creations, but they'll also learn about the science behind baking, from how ingredients work together to creating the perfect texture and flavor. By the end of the week, they'll have a collection of recipes and the confidence to bake up a storm at home!

Kick and Splash Combo

Get ready for a week of non-stop action with this exciting combo class! Students will spend part of the day "Kickin' It with Remy," learning mad skills through fun drills, games, and friendly competitions. Then, they'll cool off with H2O Fun, splashing into water-themed games, activities, and challenges designed to beat the heat. Perfect for kids who love to stay active, get wet, and make unforgettable memories. Join us for a week of goals, giggles, and water-filled adventure!

Kickin' It with Remy

Get ready for a week of action-packed fun and friendly competition! Students will play, collaborate, and sharpen their skills through a variety of sports and team games, including capture the flag, basketball, soccer, and more. Early in the week, they'll build their fundamentals with fun drills and small-group challenges. As their skills grow, so does the excitement—leading up to an epic, full-scale game on Friday. It's teamwork, energy, and non-stop play all week long!

DESCRIPTIONS

Konnichiwa Kids

In this engaging class, students will discover the beauty of Japanese language and culture through fun, hands-on activities. They'll learn basic vocabulary, phrases, and the Japanese alphabets while singing songs, playing games, and getting creative with crafts. Whether practicing simple greetings or writing their first characters, students will gain a fun and memorable introduction to Japanese. ようこそ (Welcome)!

Lego Build-a-rama

HEY, LEGO MASTER BUILDERS! LEGO City needs your skills! This hands-on building class will put your creativity and engineering abilities to the test as you tackle exciting LEGO challenges. If you love LEGO and creative problem-solving, this is the perfect class for you! Join us and become a LEGO Master Builder!

Mad Science Mashup

Step into a world of wonder and excitement with Mad Science Mashup! Let's embark on a thrilling journey through the wacky and whimsical world of science. From bubbling potions to physical experiments, young scientists will get hands-on experience with a variety of mad science activities. They will explore the mysteries of chemistry, physics, and biology in a fun and engaging way. This class is perfect for curious minds who love to ask "why" and "how" as they discover the fascinating secrets of the scientific world. Join us for a mashup of fun and learning that will spark creativity and inspire a lifelong love of science!

Micro-Masterpieces: A Bio-art Adventure

Combine your science brain with your artistic flair in this exciting Bio-Art Adventure! Explore the fascinating world of biology through microscopic discoveries and transform your findings into stunning 2D and 3D artwork. Join us for a week of discovery and creativity, where the worlds of biology and art come together in one unforgettable experience!

Mini Mad Scientists

Science is more than just a subject – it's a way of exploring the world with a little madness! Mini Mad Scientists Camp is designed to spark curiosity, inspire creativity, and help children develop critical thinking and problem-solving skills. Through fun, "mad" experiments and interactive activities, your child will dive into the fascinating world of science, discovering how things work while having a blast and embracing their inner mad scientist!

Mini Prime and Paint

Dive into the exciting world of 3D miniature creation and painting! This hands-on camp is designed for beginners eager to explore the art of transforming small figurines into detailed masterpieces. You'll learn the essential skills of model preparation, discover various painting techniques using both acrylic and oil enamel paints, and gain expert tips on how to protect your work for long-lasting results. By the end of the camp, you'll walk away with a personalized miniature that reflects your creativity and newfound skills. Don't miss the chance to bring your imagination to life in this immersive painting experience!

Mixed Media Art

Come ignite your imagination using a variety of mixed media including newspapers, magazines, and recycled materials. Through the process of layering paint, objects, paper, and textures, participants will have the opportunity to bring their artistic visions to life. This hands-on experience will allow every individual to explore their own unique style and create one-of-a-kind masterpieces. Whether you're a seasoned artist or just starting out, this camp is perfect for anyone looking to unleash their creativity and have a blast while doing it. Don't miss out on this amazing opportunity to let your creativity soar!

Mystical Creature Quest

Step into a magical world filled with gnomes, fairies, and dragons in this magical class! Your student will have a blast creating their own gnomes, fairies, dragons, and tiny homes for these magical creatures to live in. Let their imagination run wild as they bring these mystical beings to life through fun and creative crafting activities. This class is perfect for sparking creativity, fostering imagination, and providing a delightful escape into a whimsical realm where anything is possible.

Nothing But Net

Get ready to take your game to the next level! Whether you're a first-time player or a seasoned athlete, this program is designed for players of all skill levels who want to develop their basketball abilities in a fun, high-energy environment. Each day is packed with exciting drills, skill challenges, and scrimmages that focus on key areas like shooting, ball handling, passing, defense, and teamwork. Our expert coach will provide personalized guidance and tips to help each student refine their technique, build confidence, and improve their overall game. With a combination of skill-building exercises and friendly competition, not only will your student enhance their basketball fundamentals but also learn valuable sportsmanship and communication skills.

Obstacle Odyssey

This action-packed odyssey is where students will race, climb, and strategize their way through thrilling challenges! From epic obstacle courses to high-energy relay races and adventure challenges, they'll build strength, agility, and teamwork while pushing their limits. Get ready for a week of excitement, determination, and nonstop fun!

Ocean Wonders

Come explore a world of ocean-inspired creativity! Designed for young adventurers, this hands-on class brings the wonders of the sea to life through exciting activities like making ocean slime, creating salt painting masterpieces, and crafting seashell and rock art. Let your imagination flow as freely as the tides in this unforgettable ocean-themed adventure!

DESCRIPTIONS

Oodles of Noodles

Get ready for a pasta-packed adventure in Oodles of Noodles! If your child loves noodles and wants to master the art of crafting mouthwatering pasta dishes from scratch, this is the class for them. From spaghetti to ravioli, they'll whip up a variety of delicious creations while learning new cooking skills. By the end of the week, they'll take home their very own handmade apron, cookbook, and a belly full of tasty pasta dishes!

Paintastic Creations

Unleash your imagination this week as you bring art to life with every brushstroke! Students will explore a variety of exciting painting techniques, creating vibrant masterpieces with watercolors, rock painting, balloon painting, and more! Perfect for young artists eager to explore, create, and have fun, this class encourages self-expression and artistic discovery in a colorful, supportive environment!

Palette Adventures

Embark on a creative adventure where art and teamwork collide! Explore the magic of painting with a diverse range of materials as you collaborate with fellow campers to ignite your imagination. Unleash your artistic potential through hands-on experiences in paint mixing and techniques, from canvas to fabric and beyond. Discover new mediums and tools to bring your creative visions to life in a supportive and inspiring environment. Join us for a one-of-a-kind summer program where you'll not only hone your artistic skills but also build lasting friendships and memories that will inspire you long after the paint dries.

Pixelated Posters

Students will use Perler beads to design and craft their own personalized posters—no iron needed, making it safe and fun for everyone. Whether it's their favorite characters or beautiful landscapes, each poster will be a unique masterpiece. These vibrant creations are perfect for displaying at home or sharing with friends and family. Let your imagination run wild and explore the endless possibilities of Perler bead artistry!

Pour and Create Studio

Join us in the Pour and Paint Studio for an exciting Acrylic adventure where students will dive into the dynamic world of fluid art! In this hands-on experience, children will explore different pouring techniques to create mesmerizing abstract paintings. Our instructor will guide students step-by-step, with all materials provided to unlock their creative potential. By the end of the camp, young artists will leave with a stunning piece of artwork and newfound artistic talents to showcase. Don't miss this chance for your child to explore their creativity and create a masterpiece to cherish!

Puppet Playhouse

In this hands-on class, we will explore the art of puppet making! Learn diverse puppet-making techniques using a variety of materials and styles. Design and craft puppets, bringing them to life through imagination and storytelling. By the end of the class, proudly showcase a puppet show, building confidence and creating cherished memories.

Racquet Rally: Pickleball and Badminton

Get ready to dive into the action with Pickleball and Badminton, two of the hottest racquet sports around! Students will learn the fundamentals through fun games, drills, and activities that boost their skills and confidence. They'll explore strategies for both singles and doubles play, sharpening their technique, coordination, and competitive edge. Join us for a week full of fast-paced action, skill-building, and friendly competition on the court!

Recorder Stars

In this exciting and interactive class, young musicians will embark on a fun-filled journey to become Recorder Stars! Students will learn the basics of playing the recorder, including finger placement, breath control, and simple melodies. Using a karate-style belt system, they will progress through different skill levels, earning colorful belts as they master new songs. Through a variety of games, songs, and group activities, students will develop their musical skills, rhythm, and confidence in a supportive and encouraging environment. And the best part? Each student will go home with their very own recorder, ready to continue making music at home! Join us for a class filled with learning, laughter, and music-making fun! Students will receive a recorder to take home at the end of the week.

Road Trip to Mexico

Take a vibrant journey into the heart of Mexican culture with our Road Trip to Mexico class! Over the course of the week, students will experience the rich traditions, flavors, and rhythms of Mexico. In the kitchen, cook up some of the most delicious and iconic Mexican dishes, explore traditions like Día de los Muertos (Day of the Dead), learn about the meaningful rituals and symbols of this colorful celebration. Finally, we'll get our feet moving as we learn lively Mexican dances like Cumbia!

Science Explorers

Dive into a variety of scientific experiments, from chemistry to physics! Using everyday household items, explore the wonders of science—create colorful chemical reactions and discover the laws of physics through simple, hands-on experiments. This class will spark curiosity and ignite a lasting passion for science!

DESCRIPTIONS

Science in Action: Life Under the Microscope

Spark your curiosity and explore the amazing world of cell biology in this hands-on science class! From DNA extractions to edible cell models, you'll uncover the secrets of the building blocks of life through exciting, interactive activities like DNZ extractions, edible cell models and microscope exploration. Whether you're dreaming of becoming a scientist or simply curious about life under the microscope, this class will give you an unforgettable hands-on science adventure. Put on your lab coat and get ready to explore!

Sea Monster Exploration

Get ready for an underwater adventure like no other! If your student is fascinated by the mysteries of the ocean and loves to explore the unknown, this class is the perfect place to dive deep into the world of legendary sea creatures and mythical monsters of the deep. They'll learn about oceanography, discovering the creatures that truly inhabit the ocean's depths and the ecosystems that support them. By the end of the week, students will have a deeper understanding of the ocean's mysteries and a collection of sea monster-inspired projects to take home!

Serve, Set, Spike: Volleyball

Get ready to bump, set, and spike! Whether your student is new to volleyball or looking to sharpen their skills, this program is the perfect place to grow as a player while having a blast with friends. With a mix of fun, friendly competitions, and scrimmages, kids will have the chance to practice in game-like situations, learning how to work together as a team while building confidence in their individual abilities. Whether they're perfecting their serve or learning how to play in the front and back row, students will leave with improved skills, new friendships, and a love for the game!

Shady Sketchers

Join us for an art-filled adventure at Shady Sketchers! In this class, young artists will embark on a journey to perfect their drawing skills—no tools needed! From mastering shapes with precision to exploring silhouette art, kids will dive into the world of light, shadows, shades, and values. Through hands-on activities, students will discover how light transforms their artwork and learn to capture every intricate detail. By the end of the program, each budding artist will have the skills to bring their drawings to life with light and detail.

Slime Time

Welcome to our slime-tastic class where you'll explore the wondrous world of slime like never before! Embark on a journey filled with slimy sensations and discover the magic of this squishy substance. Dive into hands-on activities that will ignite your creativity and curiosity as you delve into the fascinating science behind slime. From fluffy to glossy, you'll craft a variety of slime creations that will amaze and captivate you. Join us for a gooey good time and unleash your inner scientist and artist in this one-of-a-kind slime-filled adventure!

Sports Extravaganza

Join Sports Extravaganza for exciting games like Medic, Mushroom, Elimination, and more! These action-packed activities promote teamwork, strategy, and endless fun. Plus, we'll mix things up with timeless favorites like Night at the Museum, Sharks and Minnows, and Zombie Tag. Students will also have the chance to practice traditional sports like basketball, soccer, and kickball—building skills while staying active. Our awesome staff will lead each game with safety and enthusiasm, ensuring every student stays engaged and energized. Don't miss out on this high-energy adventure!

STEM Explorers

Embark on an unforgettable journey into the fascinating realm of STEM with STEM Explorers! Dive into a world of hands-on experiments, thrilling projects, and collaborative team challenges that will ignite your passion for science, technology, engineering, and mathematics. Develop crucial skills in critical thinking, problem-solving, and teamwork as you unravel the mysteries of STEM in a fun and engaging environment. Join us for an immersive experience that will spark your curiosity, inspire your creativity, and pave the way for a future filled with endless possibilities. Don't miss out on this opportunity to explore, discover, and innovate with our STEM Explorers program!

Storybook STEAM Fun

If you love stories and enjoy bringing them to life through projects, this class is perfect for you! Explore beloved tales like The Three Little Pigs and The Gingerbread Man as you create projects inspired by these classics. Can you build a house strong enough to withstand a fan or design a trap to catch the Gingerbread Man? Use your creativity and problem-solving skills to bring these stories to life in a fun and interactive STEAM adventure!

Strum and Fun Ukelele Club

Discover the joy of playing the ukulele! With guidance from an experienced instructor, students will learn essential skills like tuning, strumming, and playing popular songs. Designed for beginners and intermediate players alike, this class welcomes all skill levels. Whether starting from scratch or refining existing skills, students will leave with new musical abilities, lasting friendships, and a deeper love for making music. Plus, each student will get to bring home their very own ukulele to continue their musical journey! Students will receive a recorder to take home at the end of the week.

DESCRIPTIONS

Sweet and Savory Creations

Young chefs are in for a tasty adventure exploring new flavors and textures! From baking delicious cookies to crafting savory snacks, this class is perfect for aspiring chefs eager to get creative in the kitchen. Students will learn key cooking skills like measuring ingredients, following recipes, and practicing kitchen safety while preparing both sweet and savory treats. Join us for a hands-on experience where imagination and flavor come together!

TCG Duel

A high-stakes, strategy-driven card game class where every move counts. Build your ultimate deck, anticipate your opponent's tactics, and engage in mind-bending duels that test your skill, strategy, and adaptability. Whether you're a seasoned card master or a rising strategist, each duel offers endless possibilities and new challenges. Do you have what it takes to outplay, outthink, and dominate the battlefield? The duel begins now!

The Science of Sweet Creations

Get ready to mix science with sweetness in this fun class! From the kitchen to the lab, you'll explore the tasty science behind baking and uncover how simple ingredients create delicious treats. Students will experiment with ingredients, learn about temperature and texture, and connect their baking experiments to real-world scientific principles and techniques. Whether you're a budding baker or simply love the science of food, this class is a delicious way to explore baking and science!

Tie-Dye

Get ready to twist, spin, and create some seriously groovy tie-dye masterpieces! Whether you're a seasoned tie-dye enthusiast or a beginner eager to explore a new craft, this camp is perfect for you. Immerse yourself in a world of vibrant colors and endless possibilities as you experiment and create unique pieces that showcase your personal style. Enjoy a memorable experience of self-expression and creativity, where every swirl and dip transforms into a colorful masterpiece. Don't miss out on this opportunity to craft and connect with fellow tie-dye lovers in a fun and inspiring environment. Let your imagination flow and let the tie-dye magic unfold!

Toontastic Adventures

Through engaging activities and creative projects, students will have the opportunity to immerse themselves in the whimsical adventures and timeless stories of their most beloved cartoon characters! Discover the secrets behind their creation and get ready for a world of laughter, creativity, and endless fun!

Trash to Treasures

Explore the creative side of recycling by transforming everyday items into extraordinary treasures. Take on exciting projects like making bird feeders from plastic bottles, crafting funky duct tape pouches, constructing binoculars from cardboard tubes, creating beautiful wind chimes with recycled materials, and even building robots by upcycling old gadgets. Through hands-on activities, we'll learn the importance of reducing waste, reusing materials, and repurposing them into something both useful and fun!

Watercolor Wonder

Dive into the basics of watercolor painting while exploring topics like the color wheel, blending techniques, wet-on-wet painting, and brush care. Get hands-on experience with mixing colors, mastering different painting techniques, and understanding the magic of cool and warm tones. Whether you're a beginner ready to explore a new hobby or an experienced artist looking to refine your skills, this camp offers a colorful and creative journey for all. Let your imagination flow with vibrant watercolors this week!

Wierd and Wacky Board Games

Sharpen your strategy and critical thinking skills while competing in fun and impromptu tournaments. Discover how different rules shape gameplay, practice good sportsmanship! Share your favorite games with family and friends as you create lasting memories. Let the games begin!

Yoga

Join us for a magical yoga adventure! In this fun and interactive class, kids will explore beginner-friendly poses that boost strength, flexibility, and coordination. With playful movements set to uplifting music, they'll discover new ways to move their bodies, enhancing balance and focus. Dive into mindfulness and meditation practices that promote relaxation and concentration. Get creative, stay active, and experience the mental serenity of yoga in a nurturing, energetic environment. Come unleash your inner yogi and have a blast with fellow students!

Make Forever Friends!**

SUMMER 2025

OUTDOOR ADVENTURES

Week	Grades	Adventure	Icon	Time
6/2-6/6	4 - 8	Geocaching Adventure Camp		8am - 12pm
6/9-6/13	2 - 5	Mini Mt. Lemmon Bound		9am - 4pm
6/16-6/20	5 - 8	Adventures in Slot Canyon Country		week long
6/23-6/27	4 - 8	Mt. Lemmon Bound		9am - 4pm
6/30 - 7/3	5 - 9	Gila Wilderness Backpacking Trek		4-day trip
7/7-7/11	3 - 6	Mt. Lemmon Bound		9am - 4pm
7/14-7/18	5 - 8	Grand Canyon from Top to Bottom		week long

Levels of Difficulty:

To facilitate a better understanding of the challenges you may encounter on your Adventure Camp we have established a grading system that accesses the technical complexity and physical demands of each trip. When registering for a camp, it is crucial to be aware of the physical difficulty levels to ensure you are adequately prepared.

Our scale ranges from one hiker. denoting low to moderate exertion. Participants should be capable of moving or hiking for several hours at a stretch with short breaks every hour. Good health is a prerequisite for participants in this category. All students participating in any trip must be able to hike at a pace that keeps up with the group.

The scale extends to four hikers. recommended only for highly experienced outdoor enthusiasts. Good health and prior hiking or backpacking experience are essential. These trips may involve 6-8 hours of walking per day, often requiring participants to carry their own gear. Individuals must be able to carry up to a 30 lb pack for up to 5 miles during the hike while maintaining the pace of the group.

Please carefully read each trip description, and if you have questions before registering, feel free to email mgridman@cfsd16.org. We can assist in matching your child with the appropriate trip based on their level of experience.

Participating in an adventure doesn't require being a professional athlete, but it does necessitate being an active person. A keen desire to learn, have fun, strong motivation, and a positive attitude are equally crucial for success!

Gear Notes:

Here are some essential gear items that students will need for all our Adventure Programs. Prior to departure, we will email you with specific pack lists for each camp.

A DAYPACK to hold lunch, snacks, water & sunscreen
Day Packs may be available upon request..

Two WATER BOTTLES that hold at least 1-liter of water.

Hiking Shoes or Boots that have good tread.

A DUFFEL BAG if you are going on a trip with an overnight.

OUTDOOR ADVENTURE TRIP DESCRIPTIONS

Geocaching Adventure Camp

 2-3 mile hikes daily, 500-1000 ft in elevation change. Minimal physical exertion sustained for short periods of time. Supportive soled shoes required. No flat soled shoes permitted. Suitable for those with beginning outdoor experiences.

Let's go on the thrilling real-world treasure hunt known as Geocaching, happening right here in Tucson! Discover the excitement as we delve into our hometown, boasting over 1600 hidden caches – a geocacher's paradise! Throughout the week, we will cover the essentials, including basic orientation, directional navigation, geocaching terminology, and hiking etiquette. Get hands-on experience as we learn to program, read, and navigate using handheld GPS devices.

In addition to the thrill of the hunt, we will delve into "Leave No Trace" principles, practicing responsible Geocaching by "Caching-In and Trashing-Out", ensuring we leave our town cleaner than we found it. Lace up your walking shoes as we navigate with GPS to uncover hidden spots in various locations, ranging from local parks and historic neighborhoods to hiking trails and famous attractions. Join us for a week of outdoor "hide and seek" adventure!

A supply list will be provided ahead of camp to ensure you are fully equipped for the geocaching exploration.

Guide: Polly Tanner & Mary Grodman

Week 1: June 2-6, 2025 Grades: 4-8 Time: 8:00am-12:00pm

Fee: \$216

Mini Mt. Lemmon Bound

 2-3 mile hikes daily, 500-1000 ft in elevation change. Minimal physical exertion sustained for short periods of time. Supportive soled shoes required. No flat soled shoes permitted. Suitable for those with beginning outdoor experiences.

This week is perfect for beginner hikers and outdoor adventurers! Explore Tucson's favorite summer escape with daily hikes on Mt. Lemmon. Learn the basics of Leave No Trace principles, survival skills, map reading, and plant and animal identification as you gain confidence in the natural world. Hike different trails each morning, then spend the afternoons making fire starters, crafting paracord bracelets, and building your own first aid kit. On Friday, enjoy a campfire cookout lunch complete with s'mores!

A packing list will be emailed before camp begins. Be sure to pack a sack lunch, snacks, and wear a sturdy hiking backpack capable of carrying at least 2 liters of water so you are prepared for each day's adventure. .

Guides: Mary Grodman & Polly Tanner

Week 2: June 9-13, 2025 Grades: 2-5 Time: 9:00am - 4:00pm

Fee: \$378

OUTDOOR ADVENTURE TRIP DESCRIPTIONS

Adventures in Slot Canyon Country

3-8 miles, 1000-1500 ft elevation change. Moderate physical exertion sustained for longer periods of time. Hiking boots or shoes required. No flat soled shoes permitted. Suitable for those with moderate outdoor experiences. Must have prior camping experience.

Join us for an unforgettable outdoor adventure as we explore the stunning landscapes of Escalante National Monument via Lake Powell! Discover the beauty of Utah's slot canyons, where towering sandstone walls create otherworldly passages. Camp under the stars at Lake Powell's Wahweap campground & Escalante Petrified Forest State Park, surrounded by breathtaking desert scenery. On the way back, we will make a memorable stop in Flagstaff, AZ, to round out this incredible journey. This program combines adventure, education, and fun for outdoor enthusiasts ready to experience nature at its finest!

All food, equipment, entrance fees and transportation will be provided. A detailed trip pack list will be provided before departure.

Guides: Mary Grodman & Polly Tanner

Week 3: June 16-20, 2025 Grades: 5-8

Trip Departs at 8:00am Monday, returns 4:00pm Friday

Fee: \$594

Mt. Lemmon Bound

3-6 mile hikes daily, 1000-2000 ft in elevation change. Moderate physical exertion sustained for short periods of time. Supportive soled shoes required. No flat soled shoes permitted. Suitable for those with beginning outdoor experiences.

Join us for an exciting mountain adventure as we escape the Tucson heat and head up to Mt. Lemmon! Explore a variety of trails, ranging from 3 to 6 miles each day on Monday, Tuesday, and Wednesday, with thrilling day trips up the mountain. The excitement will build throughout the week, culminating in an overnight campout on Thursday, surrounded by breathtaking scenery, campfire cookouts, and s'mores! Immerse yourself in the outdoors while mastering survival and leadership skills, perfecting knot tying, improving map reading, and observing local wildlife. Document your daily discoveries in a detailed journal, creating lasting memories.

Be sure to come prepared for each day's adventure with a sack lunch, snacks, and a sturdy hiking backpack that can carry at least 2 liters of water. A detailed pack list tailored for the overnight campout will be emailed before camp. Get ready for a week full of nature exploration and unforgettable experiences!

Guide: Mary Grodman & Polly Tanner

Week 6: July 7-11, 2025 Grades: 3-6

Time: 9:00am - 4:00pm (Monday - Wednesday), Thursday - Arrive at 9:00am for our overnight, return Friday at 4:00pm

Fee: \$432

OUTDOOR ADVENTURE TRIP DESCRIPTIONS

Gila Wilderness Backpacking Trek

3-8 miles, 1500-3000 ft elevation change. Moderate physical exertion sustained for longer periods of time. Hiking boots required. No flat soled shoes permitted. Suitable for those with moderate outdoor experiences. Must have prior camping experience.

Embark on a thrilling backpacking adventure through the breathtaking Gila River Wilderness in New Mexico! Designed for students in grades 5-9, this trip offers an unforgettable opportunity to explore one of the largest wilderness areas in the United States while spending two nights in the backcountry. Hike through rugged terrain to discover pristine river systems, encounter diverse wildlife, and learn essential backpacking skills like navigation, camp setup, and Leave No Trace principles. Camp under the stars and immerse yourself in the peace and beauty of this remote landscape. Throughout the experience, we will delve into map reading, teamwork, leadership skills, safety and emergency procedures, Leave No Trace principles, and even whip up some tasty backcountry recipes!

Our adventure begins at the City of Rocks campground, where we will prepare for the expedition, pack our backpacks, and learn essential survival skills. The following morning, we will head out bright and early with all our gear, ready to embark on our trek through the Gila! Perfect for young adventurers eager to challenge themselves and connect with nature!

Rest assured, all necessities, including food, tents, entrance fees, and transportation, will be provided. Backpacks for overnight use may be available upon request. Before departure, a comprehensive trip itinerary and pack list will be emailed to ensure you are fully prepared for this exciting adventure.

This program is suitable for both first-timers and seasoned backpacking enthusiasts. Students should have hiking boots or shoes, a sleeping bag and be able to carry at least 20-30 lbs on their backs for extended periods of time.

Guide: Mary Grodman & Polly Tanner

Week 5: June 30-July 3 (Mon-Thurs)

Grades: 5-9

Trip departs 8:00am Monday and returns 5:00pm Thursday

Fee: \$475

OUTDOOR ADVENTURE TRIP DESCRIPTIONS

Grand Canyon: From Top to Bottom

3-8 miles, 1000-2000 ft elevation change. Moderate physical exertion sustained for longer periods of time. Hiking boots or shoes required. No flat soled shoes permitted. Suitable for those with moderate outdoor experiences. Must have prior camping experience.

Join us for the grand finale of summer camp as we embark on an extraordinary journey to northern Arizona! This week, we will explore the Grand Canyon from top to bottom, starting with a visit to the North Rim, where we'll hike scenic trails and visit the historic fire tower for breathtaking panoramic views. We will camp under the stars at the North Rim, surrounded by stunning landscapes that provide the perfect backdrop for an unforgettable experience.

Next, we will embark on a hike to the Supai Tunnel, a hidden gem 1,500 feet down beneath the rim, offering a unique perspective of the canyon. Afterward, we will head to Lee's Ferry, a historic site rich in Grand Canyon history and a gateway to the Colorado River. Along the way, we will learn about the canyon's geology, wildlife, and history while making lasting memories and soaking in the natural beauty of this iconic landscape. A perfect adventure to cap off an unforgettable summer.

This week promises to be a blend of Fun, Adventure & Education! CS Outdoors has all aspects covered – from food and equipment to entrance fees and transportation. A detailed trip pack list will be provided before departure, ensuring you are well-prepared for this unforgettable expedition.

Guides: Mary Grodman & Polly Tanner
