(The average American child is said to spend 4 to 7 minutes a day in unstructured play outdoors and over 7 hours a day in front of a screen. Part of our programming goal is to promote active engagement with their peers and the natural environment, build self-confidence, learn responsibility, improve physical and mental health and consideration for others around them).

Our staff will carry a Community Schools cell phone that students may use when we deem necessary. You will be emailed the number and can call or message us if there is an emergency and you need to reach your child. We will respond if/when we have cell service. You will be able to track our movement during our program with our SPOT tracker GPS device. You will be emailed a link to access our location.

Camper can bring a camera in their pack. However, using a cellular or a wi-fi capable device as a camera is not permitted. We will send you a digital photo book from our adventure after the program commences.

This camp is optional and is considered a privilege to participate in as a representative of our school district, so if ALL policies are not agreed upon by both camper and parent then this program may not be the right fit for you.

Not abiding by these rules may result in a phone call home and a request to pick up the camper from a program no matter where we are located within 24 hours.

CS Outdoors staff and management reserve the right to dismiss/dis-enroll a camper from a camp program if the camper's behavior is disruptive to the program and/or compromises the safety of themselves, other campers and/or staff. Campers suspended or terminated from the program will not qualify for a refund.

By signing I agree to partner with CS Outdoors in making my child's Outdoor Adventure Camp experience positive and safe for all campers and families involved. The agreement is in place for my/camper's own well-being and safety of the group.
