Levels of Difficulty:

To allow you a better understanding of what may be encountered on your Adventure Trip, we have developed a grading system that quantifies the technical nature and physical output level of each trip. When you are registering for a trip, it helps to be aware of the physical difficulty level so you are not caught unprepared!

Our scale begins at one hiker , denoting low to moderate exertion. Participants should be capable of moving or hiking for several hours at a stretch, with short breaks every hour. Good health is a prerequisite for participants in this category.

The scale extends to four hikers , recommended only for highly experienced outdoor enthusiasts. Good health and prior hiking or backpacking experience are essential. These trips may involve 6 - 8 hours of walking per day, often requiring participants to carry their own gear. Individuals must be able to carry up to a 30 lb pack for up to 5 miles during the hike while maintaining the pace of the group.

Please carefully read each trip description, and if you have questions before registering, feel free to email mgridman@cfsd16.org. We can assist in matching your child with the appropriate trip based on their level of experience.

Participating in an adventure doesn't require being a professional athlete, but it does necessitate being an active person. A keen desire to learn, have fun, strong motivation, and a positive attitude are equally crucial for success!

Gear Notes:

Here are some essential gear items that campers will need for all our Adventure Programs. Prior to departure, we will email you with specific pack lists for each camp.

A DAYPACK to hold lunch, snacks, water & sunscreen.

Two WATER BOTTLES that hold at least 1-liter of water.

Hiking Shoes or Boots that have good tread.

A DUFFEL BAG if you are going on a trip with an overnight.

PROGRAM GUIDES AND DESCRIPTIONS LOCATED ON PAGES 4-7.

OUTDOOR ADVENTURE TRIP DESCRIPTIONS

Geocaching Adventure Camp

2-3 mile hikes daily, 500-1000 ft in elevation change. Minimal physical exertion sustained for short periods of time. Supportive soled shoes required. No flat soled shoes permitted. Suitable for those with beginning outdoor experiences.

Let's go on the thrilling real-world treasure hunt known as Geocaching, happening right here in Tucson! Discover the excitement as we delve into our hometown, boasting over 1600 hidden caches – a geocacher's paradise! Throughout the week, we will cover the essentials, including basic orientation, directional navigation, geocaching terminology, and hiking etiquette. Get hands-on experience as we learn to program, read, and navigate using handheld GPS devices.

In addition to the thrill of the hunt, we will delve into "Leave No Trace" principles, practicing responsible Geocaching by Caching-In and Trashing-Out, ensuring we leave our town cleaner than we found it. Lace up your walking shoes as we navigate with GPS to uncover hidden spots in various locations, ranging from local parks and historic neighborhoods to hiking trails and famous attractions. Join us for a week of outdoor "hide and seek" adventure! A supply list will be provided ahead of camp to ensure you are fully equipped for the geocaching exploration.

Guide: Polly Tanner

Week 1: June 3-7, 2024 Grades: 3-8 Time: 8:00am-12:00pm

Fee: \$216

Mt. Lemmon Bound

3-6 mile hikes daily, 1000-2000 ft in elevation change. Moderate physical exertion sustained for longer periods of time. Supportive soled shoes required. No flat soled shoes permitted. Suitable for those with moderate outdoor experiences. Students should have some experience hiking prior to this camp.

Join us on this cool mountain adventure as we escape the Tucson heat and head up to Mt. Lemmon! Explore diverse trails ranging from 3 to 6 miles each day on Monday, Tuesday, and Wednesday, with exciting day trips up the mountain. The excitement will build all week for our overnight campout on Thursday, surrounded by breathtaking scenery, campfire cookouts and Smores!

Immerse yourself in the outdoors, mastering survival and leadership skills, perfecting knot tying, honing map reading abilities, and observing wildlife. Chronicle your daily discoveries in a detailed journal, creating lasting memories.

Be prepared for each day's expedition by packing a sack lunch, snacks, and bringing a sturdy hiking backpack capable of carrying at least 2 liters of water. Prior to the camp we will email you a detailed pack list specifically tailored for the overnight adventure. Get ready for a week filled with nature learning and creating unforgettable experiences!

Guides: Mary Grodman & Polly Tanner

Week 2: June 10-14, 2024 Grades: 4-8 Time: 9:00am – 4:00pm (Monday – Wednesday), Thursday – Arrive at 9:00am for our overnight, return Friday at 4:00pm

OUTDOOR ADVENTURE TRIP DESCRIPTIONS

Southwest Explorers: Expedition to New Mexico

3-8 miles, 1000-2000 ft elevation change. Moderate physical exertion sustained for longer periods of time. Hiking boots or shoes required. No flat soled shoes permitted. Suitable for those with moderate outdoor experiences. Must have prior camping experience.

Embark on an enchanting journey through New Mexico's diverse wonders! Join us as we unveil the secrets behind the Land of Enchantment, exploring ancient petroglyphs, lava fields, and a captivating cave system, all within the embrace of Smokey Bear's National Forest. New Mexico's pristine landscapes, from white sands to majestic mountains, will serve as our playground.

Our adventure includes visits to White Sands National Park, where we will frolic amidst the iconic gypsum dunes, join in the festivities as we celebrate Smokey Bear's 80th birthday at a fire tower, learning valuable lessons in fire safety and descend into the awe-inspiring Carlsbad Caverns, among the world's best-preserved cave complexes! All while camping in the lush mountain meadows of Lincoln National Forest, Smokey's own habitat!

Get ready for a journey filled with Fun, Adventure & Education! CS Outdoors has all aspects covered – food, equipment, entrance fees, and transportation. A comprehensive trip pack list will be provided before departure, ensuring you are well-prepared for this unforgettable expedition.

Backpacking Horton Creek

3-8 miles, 1500-3000 ft elevation change. Moderate physical exertion sustained for longer periods of time. Hiking boots required. No flat soled shoes permitted. Suitable for those with moderate outdoor experiences. Must have prior camping experience.

Looking for a WILD backcountry adventure this summer? Horton Creek, just outside of Payson, AZ, offers an enchanting perennial creek hike that travels from Horton Springs at the base of the Mogollon Rim down a lush, forested canyon. Along the trail, numerous spots allow you to soak your feet and relish in the cascading beauty as we backpack in for the night. Throughout this experience, we will delve into map reading, teamwork dynamics, leadership skills, safety and emergency procedures, Leave No Trace Principles, and even explore some delectable backcountry recipes! Our first night sets the stage at a Payson campground, where we will prepare for the expedition, pack our backpacks, and acquire the essential survival skills for the program. The following morning, we will set out bright and early with all our gear for our overnight trek on the Mogollon Rim! Rest assured, all necessities, including food, tents, entrance fees, and transportation, will be provided. Backpacks for overnight use may be available upon request. Before departure, a comprehensive trip itinerary and pack list will be emailed to ensure you are fully prepared for this exciting adventure.

This program is suitable for both first-timers and seasoned backpacking enthusiasts. Campers should have hiking boots or shoes, a sleeping bag or pad and be able to carry at least 20-30 lbs on their backs.

Starry Nights & Alpine Heights: Great Basin Getaway

 3-8 miles, 1000-2000 ft elevation change. Moderate physical exertion sustained for longer periods of time. Hiking boots or shoes required. No flat soled shoes permitted. Suitable for those with moderate outdoor experiences. Must have prior camping experience.

Join us for the grand finale of summer camp as we embark on an extraordinary journey through the northern reaches of Arizona! Our first night will be spent at Coral Sand Dunes State Park in southwestern Utah, where the mesmerizing dunes offer fantastic opportunities for exploring, hiking and witnessing breathtaking sunsets against the stunning red hues of the dunes. Our expedition continues northward to Great Basin National Park in Nevada, a dry and mountainous region nestled between the Sierra Nevada and the Wasatch Mountains. This area is renowned for its groves of ancient bristle-cone pines, the oldest known living non-clonal organisms. From the 13,063-foot summit of Wheeler Peak to the sagebrush-covered foothills, Great Basin National Park provides a myriad of outdoor adventures. We will embark on day hikes to crystal-clear alpine lakes with panoramic views of glacier-covered peaks, explore the subterranean passages of Lehman Caves, and marvel at the stunning night skies in this designated dark sky national park. Before heading home, our final stop will be the North Rim of the Grand Canyon! Here, we will absorb the highest and most expansive views of the canyon, relishing in the serenity and solitude that the North Rim offers as we reflect on the adventures of the week. It is a perfect way to unwind and prepare for the upcoming school year!

This week promises to be a blend of Fun, Adventure & Education! CS Outdoors has all aspects covered – from food and equipment to entrance fees and transportation. A detailed trip pack list will be provided before departure, ensuring you are well-prepared for this unforgettable expedition.
