OUR POLICIES

COMMUNITY SCHOOLS DISCIPLINE POLICY

Community Schools adheres to the CFSD Student Discipline Matrix. Community Schools reserves the right to exclude a student from a Community Schools activity if it is being established that the student has violated any provision outlined in the student discipline policies, rules, and/or regulations. Additionally, Community Schools staff may exercise discretion in removing a student if such action is deemed to be in the best interest of the activity or the school as a whole.

WAITLIST POLICY

If a class you are wanting to register for fills up, please make sure you click on the yellow button on the class, to be added to the wait list. This will ensure you are contacted if a spot becomes available.

If we do not have a signed permission slip, we will not allow students to walk home after our activities.

Community Schools adheres to the same cell phone/communication device policy in effect during school hours. Students must follow and abide by the technology user and discipline code. For a detailed description of the exact policy, please refer to your student planner.

CLASS CANCELLATION

Classes are subject to cancellation due to low enrollment. If this happens, you will be contacted by either phone or email prior to the start of the class and awarded a full refund or the option to switch to another class.

ATTENDANCE

Attendance is taken for all extended day activities, and absences must be emailed by the parents to the After School Coordinator by 2:00pm the day of the class. If students are not in their classes by 3:30pm, an email will go home to parents.

WELCOME!!

FROM THE OFFICE OF COMMUNITY SCHOOLS

Welcome Orange Grove Families!

My name is Jennifer and I am the Office Coordinator for Community Schools with a focus on Middle School, High School, and Outdoor Programs. I wanted to introduce myself to those that don't know me, and pass along a little info that will hopefully help you to navigate my section of Community Schools.

If you ever have any questions regarding these programs, please feel free to call me and I will do my best and try to get you an answer. My office is at the district office at 2101 E. River Rd., so I am usually NOT on campus. If I can't answer your questions, I'll be able to direct you to the right person, so if you have trouble with your Community Schools accounting, the program itself, or just general questions, please call or email me at jnoyce@cfds16.org or 520-209-7562.

You'll find our registration program at cs.cfsd16.org. If you haven't already, you need to create an account or start a new registration for this school year so that you're ready for Q1 enrollment.

If you are interested in registering for **athletics** this year, you need to complete an athletic packet. This is done through our website at registermyathlete.com. Your athlete will need to be cleared by a doctor every year and you'll download the form for this sports physical that's required when you're completing the process here. NOTE: Just like our registration program, if you already have an account, you just need to log in and complete a new registration for this school year.

My biggest tip... watch for the quarterly registration dates on each quarter's brochure and prepare to log in to your account promptly at 8:30am on those dates. These classes (especially athletics) fill up super fast!! You'll want to be sure to secure your spot early.

Have a great school year!
Respectfully,

Jennifer Noyce

NOTE: If you already have an account, you will simply log in, and update your account by clicking on the NEW 2024/2025 Registration button and make sure your info is current or updated.

- All students who signed up for Athletics are required to have a current sports physical and a completed athletic packet in order to participate. MIDDLE SCHOOL ATHLETICS

2024-2025 ATHLETICS - ATHLETIC PACKET INFORMATION

Athletic packet submissions, including physical examination documents are began being turned in through “Register My Athlete.” (Now called “**AKTIVATE**”). This is the same program that you used last year, if your child was in middle school, and the same one you will use at Catalina Foothills High School when you sign up for sports in future years.

AKTIVATE is an easy-to-navigate website that streamlines the process of submitting athletic paperwork. Parents create one account for all of their student athletes and can read, e-sign, print, and upload all necessary paperwork. ALL athletes will be required to submit all forms through **AKTIVATE** before the first day of practice for their sport. **You can (and should) do this now and will be cleared in our registration system, even if you aren’t playing a sport until the 4th quarter!** This will alleviate delays in starting your athlete’s sport!

To access **AKTIVATE** and get started setting up an account (if you are brand new to this site), go to this link: www.registermyathlete.com and fill out all the information, then add your athletes.

If you have any difficulties setting up your account, or trouble navigating the website, please contact **AKTIVATE**'s customer support at support@registermyathlete.com. They are very responsive during regular business hours and will get back to you as soon as possible.

If you have general questions about athletics at the middle schools, please contact jnoyce@cfsd16.org or call 520-209-7562.

NOTE: If you already use **AKTIVATE** at another school for another athlete, you can just log in and add a new athlete. Likewise, if you used this system with us last year, you would just login and start a new registration for this current school year.

If you used this program last year with us, you will also notice a few changes this year, such as the amount of documents required to download and re-upload. **There’s only one**; The sports evaluation and examination!

NOTE:

If your doctor has a **SPORTS PHYSICAL** form that differs from the AIA form that we provide, you are free to use it instead, as long as it states that your athlete is cleared for participation.

For all of the other documents, you will use a digital signature. Also, you will notice that there are NO actual sports to choose from. Since this is only a place to store and manage athletic packets, there are no sports to actually select. You will only complete one “packet” will be required per year and will remain valid for the entire school year. Our hope is that these changes will alleviate some of the monotony of so many forms that parents are required to fill out every school year, and also allow us to maintain more accurate and complete records.

Thank you so much for your cooperation!

See on The Horizon.**

During the 2024-25 SUBMERGEDSM Season, FIRST LEGO League (FLL) teams will use creative thinking and LEGO[®] technology to explore the layers of the ocean and bring their learnings and ideas to the surface as they “sea” into the future. There are 3 parts of the challenge: create an effective team to meet the challenges; work together to design, build and program a robot to accomplish the robot game missions; create and present an innovative solution to a real world problem related to the health and sustainability of the ocean ecosystem.

***Students in Grades 4 through 9 (ages 9-14) who are interested in being on an FLL team must attend a 2-session FLL PREVIEW CLASS.** The **Preview Class** gives students the opportunity to try the engineering, programming and research activities before committing to the full season, which runs from August through the regional robotics competition in early December and into January for teams selected for the state competition. FLL takes enthusiasm, willingness to learn, focus and persistence in problem-solving, and commitment to team goals.
